Re: Camera Access For Police

My name is Anthony Rivera and I am a Detective with the Glen Ridge Police Department, Essex County, New Jersey. I was recently provided with your information and requested to inquire about a system that would provide the police department with access to view a resident's private Ring camera system. I would like to speak with you regarding this and discuss the particulars pertaining to the system and how access is gained to one's ring system. I thank you in advance for your anticipated cooperation.

Respectfully,

Detective Anthony Rivera

Detective,

No, law enforcement is not granted access to a resident's Ring products. What Portal provides is the ability to:

- Engage in the conversations (about posted video or in response to posted comments)
- Issue alerts into the community
- Request video from Ring device owners who may have captured video helpful to an ongoing investigation

Thank you.

Neighbors by Ring

Memorandum of Understanding

This agreement is entered into this _____ day of _____, 2019 by and between Ring LLC ("Ring") and Glen Ridge Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Glen Ridge's ("Township") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to Township residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

- Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

It was a pleasure chatting with you today. Thank you for arranging our meeting to learn about Ring's approach to reducing crime in communities.

An overview of our program:

Neighbors Portal is Law Enforcement's access to our platform. Portal highlights include:

Sgt. Daniel L. Manley ✉

    ...

Sergeant Manley,

Please see my summary of the Webinar we attended yesterday:

On Wednesday, 3/27/19, Sergeant Manley and I attended a webinar pertaining to the Ring Neighbors Portal which was conducted by Mr. Rohit Murti. This portal would be established by the Glen Ridge Police Department and access would be granted to residents upon request. This portal will allow residents who possess Ring devices the ability post suspicious activity or persons. The portal is monitored and filtered by Ring personnel and only accepts video relevant to criminal acts or public safety. The actual location of the incident is not disclosed and the resident can remain anonymous. This portal will only allow the police department to view video that is posted and does not grant access to a resident's private system. The police department can also post video of a potential suspect, geotag a specific area where certain crimes are occurring, and provide residents with alerts.

Upon completion of the webinar we are to receive a post card with a four digit pin within one (1) week. Upon receipt of the pin number a Memorandum of Understanding can be completed and submitted to Mr. Murti. After submitting the memo additional training on the portal will be provided by Ring.

Respectfully,
Detective Anthony Rivera

Neighbors by Ring
Memorandum of Understanding

This agreement is entered into this 3rd day of April, 2019 by and between Ring LLC ("Ring") and Glen Ridge Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Glen Ridge's ("Township") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to Township residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

- Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

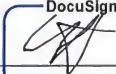

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

Hey Anthony,

Check the Dropbox link again, looks like there's an error on our side not allowing departments to open it up. You should be able to now.

Hi Detective Rivera,

I hope all is well. I wanted to touch base and see when you anticipated on sending over your draft of the public announcement? Ring's PR Team will want to review this and provide final approval before this is ever released to the public.

Thanks and I look forward to hearing from you soon.
